Background to Development of the Standard

06/08/2026 2:34 pm +10

- This data standard has been created by GHD as part of the PNG Transport Sector Support Programme.
- The following standards have been used as source information to provide some of the inputs for the creation of the PNG RMS data standard:
  - The NZ Asset Management Data Standard (AMDS)
  - Auckland Transport Database Operations Manual (ATDOM)
  - Austroads Asset Data Standard
